EDUCATION & LEADERSHIP

Tekirdag Namik Kemal University

Computer Engineering
GPA: 3.31/4.00
2020-2024

IEEE TNKU

Board Member | 2022-2023
Computer Society Vice Chair | 2021-2022
Computer Society Team Member | 2020-2021

LANUGAGE

- English - B2
- Deutsch - A1

SKILLS

TECHNOLOGY

- C#
- Asp.Net MVC5
- Asp.Net Core MVC
- MSSQL, SQL
- HTML, CSS, JS
- React
- Bootstrap
- Git, Github

BUSINESS ACUMEN

- Agile Methodologies
- Cross-Functional Teamwork
- Leadership
- Technical Documentation
- Effective Communication
- Problem Solving

WORK EXPERIENCE

Ceiba TELE ICU | July 2024 - August 2024

Software Development Summer Intern

- I worked on front-end development using HTML, CSS, JavaScript and React.js.
- The site has many pages (doctor's notes, nurse's notes, patient data etc...) and on these pages there are tables with data entries and note sections.
- I also gained experience in working with the team using Yarn, Azure DevOPS, Sublime Merge, Git etc.

Turkcell Global Bilgi | February 2024 - June 2024

Long Term Intern

- Python and SQL-based solutions were created to optimize customer invoice processes and address related complaints.
- Data analysis and prediction projects were conducted utilizing machine learning algorithms.

BorgWarner | August 2022 - October 2022

IT Summer Intern

- Work involved hardware-software integration, including network protocols, system setups, and Raspberry Pi applications.

PROJECTS

Personal Website (ASP.NET Core & Bootstrap)

- A modular and maintainable Full-Stack web application was developed using the Repository Design Pattern.
- Dynamic data management was provided through Entity Framework and LINQ, with a fully responsive interface designed.

AI Match Predictor (TUBITAK Supported)

- A highly accurate match result prediction model was developed using Random Forest Classifier.
